## SECTION 4: First aid measures

## 4.1. Description of first aid measures

## After inhalation

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.

## After contact with skin

Change contaminated, saturated clothing. After contact with skin, wash immediately with plenty of water and soap. In case of skin irritation, consult a physician.

## After contact with eyes

Rinse immediately carefully and thoroughly with eye-bath or water. In case of eye irritation consult an ophthalmologist.

## After ingestion

Rinse mouth thoroughly with water. Do NOT induce vomiting. Call a doctor if you feel unwell.

## 4.2. Most important symptoms and effects, both acute and delayed

Irritation to respiratory tract. Conjunctival redness. For a preparation of very similar composition, minor reversible effects were observed but the preparation was not irritant to skin or eyes according to EU criteria. Product releases acetic acid during curing. After curing, product is odourless and indifferent.
